The Bloomington Police Department is implementing a new bicycle registration program. The purpose of the bicycle registration is to assist the police department in returning lost or stolen bicycles to their rightful owners.

The registration program will not prevent bicycle thefts. Bicycle owners should still be careful about where they leave their bicycles when they are not riding them.

The program is completely free and voluntary on the part of the citizens. The information will only be kept at the Bloomington Police Department.

The form on back is for you to fill out if you choose to do so. The form may also be duplicated by you if you wish to register more than one bike.

You may bring your completed form to:

Bloomington Police Department any day of the week between the hours of 8 am and 8pm

Stickers with a number that corresponds with the registration form will be issued.

Any questions about the bicycle registration should be directed to the Public Affairs office at 434-2355 or by e-mail to **police@cityblm.org.**

.....

Once again, on the back of this notice, you will find a couple of the blank registration forms. To make things go faster on the day you visit with the registration officer, have your form filled out prior to arrival.

You do not need to have the bicycle with you.
