COUNCIL QUESTIONS / STAFF RESPONSE

From: Alderman Amelia Buragas
Subject: Council Consent Item No.7G

Question:

What impact would Item 7G have on existing boat docks that would non-conforming if the ordinance passes?

Staff Response: City staff believes there will be no new impact to non-conforming boat docks. The City is already in the process of citing individuals who have docks that are either not permitted or that exceed the permit limitations. This ordinance will not change that. Instead, the proposed ordinance only codifies the existing practice that only leased land adjacent to the Lake can be granted dock permits. To the extent that there are any existing lawful permits for docks held by individuals that do not lease land directly adjacent to the Lake, those permits will continue to be recognized by City staff as long as the dock/structure is in compliance with the permit.
