

Cart Sharing Request Form

The cart-sharing program is a voluntary program aimed at accommodating landlords and property managers of multi-family residences while producing efficient City solid waste service. A landlord may request up to one of the largest carts (95 gallon) for every two apartment units. Each unit will be billed at the lowest rate on the City's fee list for solid waste. Landlords can group multiple apartment buildings or apartment houses if buildings are on the same lot or on adjacent lots that do not cross a street. All requests are subject to approval by the Director of Public Works. There will be no fee for switching carts under the cart-sharing program.
